

DECIDE ON THREE STEPS IN PRICE WAR

PRESIDENT TO SEND MESSAGE TO CONGRESS
To Prosecute Hoarders and Profiteers—Maintain \$2.26 Wheat Price

WASHINGTON, Aug. 5.—Three decisions were reached today by the government agencies working to reduce the cost of living and allay the country's unrest. President Wilson decided to address a message to congress recommending additional legislation to aid in reducing the cost of living. Agents of the department of justice were ordered to ferret out all hoarders of necessities and profiteers through the country. They are to be prosecuted under the food control act.

Director Julius Barnes of the grain corporation decided to maintain the government's guarantee on wheat at \$2.26 a bushel as a reserve against a higher price later.

At the conclusion of a day's activity by the president, the subcommittee of the cabinet appointed by Attorney General Palmer, and by the attorney general himself, announcements were made of these immediate steps to be taken and of the government's wheat policy.

Promises Readjustment.
In a statement showing why the price of wheat would rise but for the government guarantee, Director Barnes promised a readjustment of flour prices at the expense of the national treasury as authorized by congress, if later developments indicated a world price for wheat lower than the government basis.

Immediate steps will be taken by the grain corporation to sell standard export flour in every community of the country in carload lots not greater than \$1 a barrel, Mr. Barnes announced. This price, he added, is lower by one dollar a barrel than any price ruling during the last four months.

Using figures described as coming from the grain corporation's private sources, Mr. Barnes predicted a shrinkage of "probably 100,000,000 bushels" in the wheat production for North America, 250,000,000 bushels of which is in the United States, from the June forecast, and a further shrinkage in European wheat and rye production of 300,000,000 bushels outside Russia.

The high cost of living was not discussed at the regular Tuesday cabinet meeting, but Attorney General Palmer, remained after the meeting to confer with the president and presented memoranda prepared by the subcommittee stating what the government was doing and what it proposed doing under existing laws, and possible additional laws to cope with the situation. The department of justice agents throughout the country the attorney general said have been ordered to institute special investigations to find evidence of hoarding and profiteering as prohibited under the Lever food control act, and prosecution will be instituted without delay.

Declines to Disclose Suggestions.
The attorney general declined to disclose what remedial laws were suggested to the president or to go into detail as to how the department would proceed under the existing laws beyond saying that operating under the Lever act did not mean the functions of the food administration would be assumed by the department of agriculture.

Doubt was expressed by some legal authorities of the government as to whether a penalty is provided for profiteering by the food control act, although penalties are provided ranging from \$5,000 to \$10,000 or from two to four years or both for hoarding and other violations. Mr. Palmer said it was his belief that immediate results toward reducing the cost of living could be obtained through prosecutions under existing laws.

Secretary Tumulty said that after Director Barnes had left the president that no statement would be forthcoming from the white house tonight beyond the announcement that the president will address a message to congress as soon as he has time to write it. It was not announced whether the president would go before congress or send a written communication.

Director Barnes in making public his statement regarding the world wheat situation said that the wheat crop in the United States is not short and that 1,000,000,000 bushels was assured. There was no warrant, he said, for statements that the

SHOP STRIKE THREATENS NATIONAL INDUSTRY

Austria Will Reply to Peace Terms Today

PARIS, Aug. 5.—(By The Associated Press.)—The Austrian delegation formally notified the peace conference today it would submit its complete observations on the treaty to the conference at six p. m., tomorrow which is the last day allowed the Austrians for their reply.

Dr. Karl Renner, Austrian chancellor and head of the delegation will leave for Vienna tomorrow night, he said, returning here about August 12.

The peace conference probably will take about eight days to consider the Austrian suggestions. It was said to be likely that at that time, Austria would be given about five days within which to make a final reply as to whether or not she will sign the treaty.

SECOND DIVISION TO PARADE IN NEW YORK
WASHINGTON, Aug. 5.—The famous Second Division will be paraded in New York City, Friday under a decision announced at the war department. The parade will start at 3 p. m.

The parade of the regulars and marines will be reviewed by Secretary Baker, Acting Secretary Roosevelt and Major General Barnett, commandant of the marine corps.

More Troops Return.
New York, Aug. 5.—The Finland arrived today from Brest with 103 officers and 3,475 troops including the Second Ammunition train, Fourth Machine Gun Battalion, 34th service Battalion, Second Engineers and Third Corps Headquarters Troop.

Captain J. B. Hill of Philadelphia, commander of the Finland, died at Brest and his body was brought here in steel casket.

The Finland was brought to port by Lieut. Commander William J. Rague, Jr., who at 23 enjoys the distinction of being the youngest man. It is said, ever to navigate a 12,000 ton ship across the Atlantic.

CHARGE HUN THREAT TO DESTROY ZEPPELINS
COBLENZ, Monday, Aug. 4.—(By The Associated Press.)—American headquarters at Paris today received evidence of a secret threat by Germans to destroy 24 Zeppelins near Berlin rather than surrender them to the allies. It is not known what action has been taken. Some parts of the dirigibles are said to have been removed by the Germans to prevent mechanical secrets from becoming known.

A Coblenz dispatch Sunday said Germans in charge of the Zeppelins were seeking permission to fly them to the United States where it was hoped they might be sold.

PROMISES JAPAN WILL WITHDRAW SHANTUNG FORCE

Japanese Foreign Minister Issues Statement

TOKIO, via London, Aug. 5.—Viscount Uchida, the Japanese foreign minister, in a statement issued today, declares that Japan does not intend to claim any rights affecting the territorial sovereignty of China in Shantung. He promises that the Japanese troops will be withdrawn immediately an agreement is concluded with China.

Japan, moreover, the foreign minister's statement adds, is considering the establishment of a Tsing Tao of a general foreign settlement instead of a purely Japanese settlement.

CHALLENGE ACCURACY OF EXPLANATION
NEW YORK, Aug. 5.—Colonel Jacob Ruppert, president of the New York Americans, issued a statement tonight challenging the accuracy of the explanation made by President Ban Johnson of the American League last night with reference to his indefinite suspension of Pitcher Carl Mays, recently acquired from the Boston Americans.

Colonel Ruppert also made public a copy of a telegram intimated to show that Manager Jennings of the Detroit Americans had negotiated for Mays' services after the day on which Mr. Johnson declared Detroit and other clubs had protested against the Yankee's acquisition of Mays.

Colonel Ruppert asserted Mr. Johnson had not stated the real facts in connection with Mays quitting the field in the middle of a game at Chicago July 13. Mays he declared, left the field injured after being struck by a ball.

Colonel Ruppert asserted that neither President Frazee nor Manager Barrow of the Boston club ever received the message which Mr. Johnson said he sent, inquiring why Mays was not suspended, and characterized as "absolutely without foundation."

Mr. Johnson's assertion that Lieutenant Colonel T. L. Huston, joint owner of the Yankees, had stated that New York would not negotiate for Mays.

"We expect to pitch Mays within the next two days," was the declaration of the New York owners.

GIVE GEN. SMUTS WARM WELCOME
LONDON, Monday, Aug. 4.—Lieut. Gen. Jan Christian Smuts of the Union of South Africa, a British member of the league of nations commission was given an enthusiastic welcome on his return to London today. In a speech replying to addresses of welcome, General Smuts drew a stirring picture of the condition of Central Europe.

Dealing with the question whether the organization of civilization has not been destroyed he reiterated that a more humane spirit among nations was needed, giving as an axiom for carrying this out the following:

"Give freedom and self-government; be generous; be magnanimous."

International Labor Congress Ends Session

AMSTERDAM, Saturday, Aug. 2.—(By The Associated Press.)—The International Labor Congress at which a new international federation was formed came to an end tonight with many speeches from representatives of various nations. From the speeches it could be gathered that even after four years of war workmen could most to consider their welfare without more than an occasional exchange of sharp words.

It cannot be said that a great amount of political work was accomplished at this first meeting but ground was laid for the future which promises to prove fruitful in reforms of social questions upon which the workers are urging action.

The last hours of the congress were spent discussing important resolutions with regard to the league of nations, the socialization of national resources and the blockade of Russia and Hungary all of which were accepted. Only the American delegates voted against the resolutions while the necessity of catching a cross channel steamer, Samuel Gompers, president of the American Federation of Labor, explained that the Americans agreed almost entirely with the spirit of all the resolutions, but that, owing to their mandate, they could not vote for them.

The entire governing body has changed since the last international meeting, the Germans and Austrians at present taking no part either in the presidency, vice-presidency, treasury or secretariat. Mr. Gompers said that the Americans would do all in their power to further legislation for improvement of the condition of the workers of all countries. Hor Legien said he thought the international movement would prove successful and that the workers at all countries would act together. He was totally against any idea of a war of revenge, he said. In one resolution the congress declared:

"The economic disorganization accentuated by the war, was caused by the impotence of capitalism to re-organize production in such a way as to insure the well-being of the masses. The congress declares it imperative that the efforts and activities of the working classes of all countries should be directed toward obtaining complete trade union organization as a necessary basis for realization of the socialization of means of production."

EXPECT FORD CASE VERDICT NEXT TUESDAY
MT. CLEMENS, Mich., Aug. 5.—A verdict in Henry Ford's \$1,000,000 libel suit against the Chicago Tribune is expected by Tuesday night, just three months from the day the hearing began here.

The evidence was all in the record today. Tomorrow the jury will be excused while the lawyers discuss the matter of the court's instructions to the jury with Judge J. G. Tucker. While the judge will not instruct the jury formally until he sends it to its deliberations, it is expected he will indicate his ideas to the lawyers tomorrow.

Importance is attached by the attorneys to what definitions of "anarchy" and "anarchist" Judge Tucker instructs the jury it may consider, for the suit was instituted by Mr. Ford because the Chicago newspaper characterized him as an anarchist in an editorial published June 23, 1916.

Arguments will begin Thursday and continue Friday, Monday and Tuesday.

Ship Rifles To Troops On Chicago Duty

SPRINGFIELD, Ill., Aug. 5.—On orders of Adjutant General Frank S. Dickson at Chicago, Captain Frank B. Wendling this afternoon sent 3,000 Russian rifles and ammunition to equip militiamen on riot duty at Chicago.

Requisition for the rifles, so far as Capt. Wendling was informed, did not signify anticipation of further race disturbances. The Russian rifles were loaned to the state of Illinois by the government on the return of the troops from the border in 1916. They were manufacturer in this country for the Russian government, but the contract was cancelled.

"Black Belt" Quiet.
Chicago, Aug. 5.—Troop commanders in the riot zone reported to Adjutant General Dickson today that the night through the "black belt" had been one of quiet.

The 10,000 men now on guard throughout the territory where last week riot reigned—6,000 soldiers, 3,000 policemen and 1,000 deputy sheriffs—are expected to remain in the district for at least another week. It is believed by that time the desire for retaliation by whites and negroes will have passed and all will be at their occupations again.

Relief stations have been opened for the aid of the 3,000 foreigners made homeless by a fire Saturday. Red Cross workers are in charge of the distribution of food and clothing. Several of the churches in the riot zone planned to open relief stations and public school buildings will be utilized by independent relief workers. It was reported that 3,500 negroes had applied for aid yesterday.

GUARD MINE TO PREVENT RIOTING
BELLFAIRE, Ohio, Aug. 5.—The Fort Pitt Mine of the Central Coal Company, below Sunnyside, Ohio, near Bellaire was under a heavy armed guard tonight to prevent recurrence of threatened rioting during the day between American miners and striking foreign miners. Twenty armed deputies guarded the Americans, following an attempt by more than 200 foreigners to keep them from going to work this morning.

According to advices received here, the strikers who are demanding a six hour day and a large wage increase incensed at the American element returning to work, tried force to prevent the action. The situation got beyond control of the Bellaire authorities.

Sheriff John W. Osborne of Belmont county, sent in armed deputies with instructions to shoot to kill if necessary. The mine employs about 400 men.

The foreigners are in the majority. Sheriff Osborne said he had evidence that there were five miners who were connected with Bolshevik and other radical organizations but they left this morning.

COMMITTEE CLASHES OVER LEAGUE PACT

Attack on Shantung in Senate Develops Sharp Exchanges

WASHINGTON, Aug. 5.—The league of nations and the Shantung settlement both came in for more bitter criticism today in the senate's consideration of the treaty with Germany. At a public hearing of the foreign relations committee issues of the league controversy started a dispute which bordered on an uproar, and in the senate chamber an attack on the Shantung provision by Senator Watson, Republican, Indiana, developed a series of sharp exchanges.

The committee's clash over the league grew out of the examination of Norman Davis, financial adviser to the Versailles conference, and centered in a heated discussion of the attitude of President Wilson toward supplying the committee with adequate information. Chairman Lodge, replying to a suggestion that the president be asked to come before the committee, declared Mr. Wilson never had offered to do so and had failed to send important information repeatedly asked for.

Senator Pittman, Democrat, Nevada, replied that in his address to congress such an offer had been made but the committee majority had ignored it.

Once the subject of the league had been raised, league opponents gave a forecast of what may develop when Secretary Lansing appears before the committee tomorrow by keeping the witness under a running fire of questions. It was when Mr. Davis declined to pose as an expert on the subject and in reply to a question suggested that the president be consulted, that the committee members clashed over Mr. Wilson's course in the matter.

To Hold Open Session.
Under present plans the questioning of the secretary of state tomorrow will be in open session and it is expected he will be asked to disclose many features of the Versailles negotiations, with the league covenant and the Shantung agreement occupying a prominent place in the discussions.

The senate adjourned tonight until Thursday so that tomorrow's committee session may be uninterrupted.

Senator Watson in his senate speech declared the treaty provision giving Japan control of Shantung province was "as monstrous a proposition as has ever been proposed to civilization" and said he could not vote for ratification if the Shantung section remained unamended and if Japan gave no more definite promise of returning the province to China. In reply to a question from Senator Borah as to what sort of declaration from Japan would be satisfactory the Indiana senator said it would have to be one providing for withdrawal of Japanese forces prior to senate action on the treaty.

Says Claim Based on Wrong.
Watson's claim to the province, Mr. Watson also asserted, was based on one wrong heaped upon another, while the history of Japanese interest in China, gave the lie to Japan's protestations of "good faith in her promise to withdraw."

Grain Values Drop; Corn Falls 32 Cents

CHICAGO, Aug. 5.—Efforts to anticipate the results of any quick switch in the United States government policy as to the disposal of the 1919 domestic crop of wheat knocked the bottom out of values today on the board of trade. Downward plunges in the price of corn did not stop until the market was 32 cents a bushel lower than when the campaign against the high cost of living began a week ago.

It was not until there remained open only a single hour of business activity before the time set for a conference between President Wilson and Federal Wheat Director Julius Barnes that the grain and provision trade appeared to give serious credence to reports that the government would make a radical cut in the price of wheat to consumers. The most definite of these reports was that millers would get wheat from the government fifty cents a bushel cheaper than the government had guaranteed. This it was said would make flour less expensive than at present by \$2.00 a barrel.

Corn prices have been largely based on a prevalent belief of farmers that \$2.26 a bushel for wheat meant \$2 a bushel for corn and that the value of all other cereals and meat products had a similar substantial relation and the absence of any denial of reports that wheat prices would be severely cut finally today produced a tense situation on the board of trade.

Wholesale throwing overboard of holdings of all commodities made the exchange a scene of confusion not often rivaled in peace times. The outlook was that regardless of what the Washington conference decided the markets tomorrow would furnish excitement in plenty.

The most spectacular tumble today was in the December delivery of corn which under furious selling dropped 10 3/4 to \$1.41, but rebounded and closed at \$1.42 1/2 to \$1.43 1/4. At the same time pork plunged down \$3.50 to \$4.50 a barrel for September delivery and unlike corn displayed no power whatever to rise again from the bottom price reached.

DR. LEWALD TO GO TO VERSAILLES
BERLIN, Aug. 5.—(By The A. P.)—Dr. Theodore Lewald, under secretary of state is going to Versailles soon to resume his discussion relative to the establishment of the Rhineland republic, according to Cologne advices.

Dr. Lewald is negotiating with parliamentary circles in the Rhineland for the purpose of ascertaining the wishes of the people, desiring to submit any consensus of opinion which may be reached.

AWARDED D. S. CROSSES
Washington, Aug. 5.—The war department announced today that General Pershing had awarded the distinguished service cross to the following officers and men of the American Expeditionary Force:

Lieut. Clifford F. Phillips, Neola, Ia.; Sergeant Raymond Locke, Clinton, Mo.; Corporal Glenn Vaught, Monet, Mo.

CAUSE CLOSING OF FACTORIES

Business Men Vote Against Federal Ownership

WASHINGTON, Aug. 5.—The threat of a railroad strike continues to spread through the country despite the efforts of organized labor heads to hold the men in check until authoritative and official strike votes can be taken.

Threatens National Industry.
Shoppers everywhere throwing down their tools in premature strike, it was reported, were threatening national industry, because without them the railroads' equipment cannot be kept in usable order at the most necessary of all times—crop moving season.

Above that hovered the threat of an even more serious labor situation, the demand of all organized railroad industry that the profits of the business be hauled to retire private capital and create a new private control.

Reports began coming in today saying that unless railroad equipment can be kept in running order, mills, mines and factories will be threatened with closing. It was reported that there are more than 300,000 cars now out of commission.

Formal announcement was made tonight of the final tabulations in the referendum conducted among business men by the chamber of commerce of the United States on the question of government ownership of railroads.

More than 99 per cent of the vote in the official announcement said was against it.

Threats of hundreds of thousands of railroad employees to go on strike to enforce higher wages to meet the high cost of living were reiterated today. From many parts of the country came reports that striking shopmen refused to return to work, despite the fact that their action was denounced as illegal by the executive council of the six shop crafts.

Mail Out Strike Ballots.
Strike ballots were mailed out from the American Federation of Labor of taking an official vote as to whether the 500,000 shopmen shall walk out to obtain their demands and express their disapproval of President Wilson's reference of the railroad wage question to congress.

Give Reason for Decision.
1. Under government ownership the development of railroad facilities would depend upon congressional appropriations. It would mean the participation of the transportation needs of the country. Appropriations would not be made in the amount and at the time needed to insure adequate development of the railroads. Political considerations might also control the amount of appropriations and the objects for which they were made.

2. To acquire the railroads the government would have to pledge its credit for eighteen to twenty billions of dollars at a time when other large financial must be met. It would be difficult for the government to dispose of the securities required to purchase the railroads, and it would be necessary for the government to secure from five hundred million to one billion dollars of new capital each year. If the government were to assume the burden of financing the railroads at the present time when the war debt is so large, its interest rate would necessarily be as high as, if not higher than, the rate at which corporations could secure capital.

3. Government operation is seldom, if ever, as efficient as corporate management. Competition, the incentive to efficiency and progress in private enterprise is absent from the government administration of affairs. Individual initiative is less, bureaucratic methods are more characteristic and the services rendered are less progressively efficient.

4. While the government would presumably select officers and employees by means of efficiency tests, political influences would almost certainly be given weight

If you are out of employment and have at least a fair education, just turn your attention to Texas. Reports from the Lone Star State show that 4,000 teachers are needed there this year. Nobody seems to know what has become of all the pedagogues who "taught the young idea to shoot" last year in Texas.

The Yanks down in Texas are going to be more bitter than ever against Mexico. The government has just issued an order that there must be no more one-day passports from Texas to Mexico. This is done to put a stop to the big business being done in liquor along the border.

Lower living costs. It has been said, can come only after the prices of farm products have come down, for these are the basic things. The much desired lower prices may not be certainly at hand but the present outcry against living costs has already reduced the price of corn 32c a bushel and some other prices are also on the tobogan. Reaction may or may not come.

THE YANKS DOWN IN TEXAS
The department of public welfare is not satisfied with the conditions at the county home. For many years it has been the custom of grand juries to recommend the installation of a water supply system at the home, which would bring about a more sanitary condition. Perhaps the welfare department will come forward with some definite program

of suggestions and present them to the county board. Such a program will be more helpful than mere criticism and condemnation.

RELIEF WILL COME.

There is no use to be unduly excited about the freight tieup. Conditions would be very bad if it continued, but it cannot last long. Failure to move freight simply means paralysis of business and in addition to the great money loss there would come not only suffering but loss of life. The government has in the past found the means to grapple with such situations and no doubt it will be only a brief time until some assurance can be given the railroad men that they will have satisfactory attention given their demands.

ANONYMOUS LETTERS.

The police department and various city officials have been receiving numerous anonymous letters, some of them caustic in criticism, others merely making complaints. The county board properly gone on record in stating that none of these anonymous communications will be given attention.

People should understand that honest complaints and honest suggestions are welcome and they should be willing to let their identity be known. There is something about the receipt of an anonymous communication which makes it immediately distasteful, and even if it contains a worthwhile suggestion the fact of the manner in which it has been sent robs it of all value.

FACTS ABOUT NEWSPAPERS.

The Editor and Publisher has compiled some interesting information concerning the newspapers of the United States, and it is presented by the Springfield Register.

There were 2,168 English language dailies; 519 are morning newspapers and 1,647 are evening newspapers.

The total net paid average circulation of all the dailies for the six months' period ending Sept. 30, 1918, was 28,625,041. This was divided into 10,271,137 for morning newspapers and 18,373,904 for evening newspapers.

An analysis for the circulation discusses the fact that more than one person out of every four buys a daily newspaper each day. Further analysis shows that at least one copy of a daily newspaper goes into practically every English speaking home. According to the Editor and Publisher, and it proves it by figures, in comparison to any other form of paid advertising daily newspaper advertising is the least expensive.

THE DEMAND FOR FARMS.

A Chicago man recently placed in advertisement in the Journal of two or three farms for rent. Within three days 75 written answers to the advertisement have been received and there were telephone inquiries by the dozen, some of them coming from points 75 miles distant. The circumstances emphasize the very great demand there is now for farm land for rental purposes.

Farming has been such a prosperous business during the recent years that there has been a distinct "back to the farm" movement, and for that matter desirable farms are always in good demand. The situation has naturally resulted in higher rentals and a man who has a farm to rent today can secure a desirable renter almost at his own price.

CO-OPERATIVE STORES.

The community store projects received new impetus by recent action by the state federation of labor. Stores are now said to be in successful operation in Danville, Champaign and ten other Illinois cities. If present plans are carried out there will be at least 100 stores in Illinois. The theory is that middlemen's costs are thus eliminated and producer and consumer brought into much closer touch. It is believed too that where co-operative stores are established that the number of other stores will be greatly reduced and that there will be savings in rent resulting.

Those who have shares in such establishments are supposed to buy their goods at lower costs and also to have some profit on their investment.

Co-operative stores in the past have failed to accomplish the intended purpose. Jealousies, lack of confidence and mismanagement have often interfered. Theoretically the plan is feasible.

Rippling Rhymes
By Walt Mason

Emptiness.

The things I yearned for in my youth have come to me, they all are mine; more than I hoped I've won, in truth, and still I languish and repine; I yearned for fame like other skates, and wide renown has come to me; my name is known in thirteen states but I've rheumatism in my knee. My picture often times appears in daily prints and magazines; but look back, thru mist of tears, to when I barely earned my beans; my laurel wreaths seem wreaths of straw; they do not soothe my jaded soul; my teeth are in such beastly shape I have to bolt my victuals whole. I have a stately limousine, upholstered in green velvet-plush; therein I ride, with pompous mien; while toiling legions round me rush. No doubt they think my life's a snap; a stretch of roses and of wine; they look upon my kingly map, and wish they had such luck as mine. But I must eat the food of cows, the tasteless prune, the humble leek; if for an hour on pie, I browse, I have dyspepsia for a week. The golden dreams I dreamed of old have been fulfilled in every way, but I don't value what I hold, for I am weary, fat and gray. I sit beneath the sunset tree, or slowly limp along the lawn; one thing alone looks good to me and that is youth—and it is gone.

CHARLES C. GORST.

"Aw, I don't believe it. You've got a whistle in your mouth," said a bewildered youngster on a front seat at one of the big chautauquas last year. The startled ejaculation almost upset Charles C. Gorst, the bird man who had just finished a perfectly marvelous imitation of the song of a robin. The boy was entirely justified in his unbelief, for Gorst's imitations are so unusual, so perfect, so thrilling, that it seems impossible that they can be produced from the human throat without the aid of any mechanical appliance. But Gorst held his mouth open while the doubting Thomas investigated and joined in the general laugh when the thoroughly satisfied investigator said to his buddies on the seat of honor, "by gosh fellers, he ain't got nothing, some whistler." And the kid was right, he is "some whistler," as you'll agree when you hear him at the chautauqua.

JUSTICE COURTS

In Justice Bayha's court yesterday the case of M. H. Richards against Ilyce Reeves came up for hearing. The suit involved an alleged debt. It was continued by the complaint until Saturday morning.

CIVILIAN RELIEF PLANS
ARE CLEARLY OUTLINED

Red Cross Workers Held Regional Conference Here Tuesday—Many Questions Considered.

Red Cross workers especially interested in civilian relief attended an important conference Tuesday at the Red Cross headquarters in the library building. It was a regional conference over which Louis Cahn, assistant director for civilian work in the central division presided. A number of counties were represented by delegates and subjects of special interest and importance were presented. The first session began at 10:30 in the morning and continued until 1 o'clock. Then came a luncheon at the Peacock Inn and at 2:30 o'clock the afternoon session was opened.

In order to make the conference of the more value and certain to discuss points on which the committee members might need information summaries were distributed presenting questions under four different heads: first, organization for home work; second, able-bodied demobilized soldiers; third, principles of home service in dealing with soldiers' families; fourth, education features of home service.

Altogether 110 suggestive questions were asked and it is not too much to say that the great majority of these questions were considered. In addition to the statement by Mr. Cahn, Miss Evelyn Belden, field secretary for the Red Cross and Miss Madge Elmsinger, assistant field secretary, spoke. The question and answer method was used in very effective and informing way.

One of the most important statements made by Mr. Cahn was early in the conference. He made it plain that the Red Cross civilian relief work must not be of an obtrusive kind. It must be what the community wants and only such work will receive the support of the community. In other words it is the function of the Red Cross organization not to push its good offices on any community in this civilian relief work, but rather it is the desire to join with local authorities in bringing to pass such relief measures as the community desires.

VISITORS HERE.

The register showed the following present in addition to those already mentioned:

Granite City—Mrs. Morgan LaMasters.

Springfield—Miss Annie Hinrichsen.

Quincy—Mrs. Frank S. Wood, Miss Margaret Akers.

Belleville—Miss Marguerite Geissler.

Bushnell—T. W. Everett, J. E. Dertinger.

Canton—Mrs. Z. A. Ruble, Wincheffer—Mrs. George C. Smith, Miss Mary E. Collins, Miss Helen Frances Coultas, Miss Mary Louise Frost, Fritz Haskell, Guy Paul, L. C. Funk.

Hillsboro—Miss Ottie Gannon, Miss Jack, with the department of public welfare.

Jacksonville—Mrs. Lillian T. King, Miss Austin, Miss Coleman, Miss Montgomery, Miss Capps, Miss Grace Carter, Miss Jean Patterson, Rev. W. E. Collins.

The director of the conference emphasized again and again the importance of educating the public and having them understand just what the Red Cross is doing for soldiers and sailors. Only in this way, he said, will the organization have the support and backing of the community, and this is absolutely necessary for a successful carrying out of its program.

Period for Service

It is the duty of the Red Cross to look after soldiers and sailors until one year after the very last soldier and sailor who served in the great war has been discharged from service. Among the ways in which the Red Cross serves the discharged soldier or sailor is in helping him to find employment, in securing compensation for disability and in placing disabled men in reconstruction and vocational schools. In the matter of government insurance for soldiers and sailors the Red Cross is again of use, and the workers were urged to give all these phases of the Red Cross program their special study and attention. In order that they might be in a position to give advice and instructions when appealed to.

It was pointed out that a set of rules could be laid down to be followed in each individual case, each community must face its own

problems and seek a solution by the use of common sense and judgment.

The Right Attitude.

The attitude which should be assumed toward the disabled man was a point which drew forth an interesting discussion. Mr. Cahn sought to impress upon the workers the importance of having the disabled soldier look upon himself as an independent, self-supporting individual, not as a public charge or dependent upon relatives or friends. The director told of the many wounded soldiers he had seen at the various camps and declared that in almost every instance there was displayed a most commendable determination to make the best of things and to face life bravely in spite of the handicap. It was this spirit which the speaker declared must be maintained.

The questions which were asked from time to time indicated the desire on the part of the workers to meet the many problems which are presented in connection with the home service department of the Red Cross, and all the various phases of the subject were discussed in an exhaustive way. In closing Mr. Cahn said, "If we accomplish ten per cent of what we have outlined we will have done our share in winning the war and putting this country on the right peace time basis."

DEATHS

Hart.

Mrs. Nancy Elizabeth Hart died at her home, 933 Mathers street at 4:40 o'clock Tuesday morning.

Deceased was born in Scott county August 20, 1839. She was united in marriage to Boliver Hart in Louisiana, Mo., in 1846.

She is survived by the following children: Robert N. Hart, Jacksonville; Mrs. Mary Batley Bluffs; Mrs. Louise Hale, Mrs. Laura Shore, Jacksonville; Mrs. Anna Durant, Portland, Ore.; Miss Luella Hart, Wilson W. Hart, Jacksonville; Joseph C. Hart, Alton. She also leaves one brother, H. L. B. Mason. Mrs. Hart was the grandmother of Mrs. C. H. Howard and Miss Elvah Shore and great grandmother of Glenn W. Howard of this city. Her husband preceded her in death many years ago.

Mrs. Hart was a member of the Methodist church and thru they was a faithful follower of the Master. She has not been in robust health and it was her expressed wish that she would be called before she became a burden to her children. This wish was granted and when the final summons came she was ready.

Funeral services will be held Thursday morning in charge of the Rev. G. Randle. The remains will then be sent to Bluffs on the 12:45 Wabash for burial.

Chapin horse snow Thursday, Aug. 14, commencing at 10 a. m.

STATE INSPECTOR HERE.

Miss Elizabeth Jack, an inspector for the department of public welfare, is now in the city and will visit the county institutions particularly the jail and the county home. Miss Jack will also make some investigation with reference to the charity work done by the county thru overseers of the poor. Miss Jack yesterday visited the county home and expressed herself as very much pleased with conditions there. At intervals during the recent years the welfare department has made inspections of the county home and the reports subsequently published have not been complimentary to this county.

One of the principal complaints made is that the lack of a water and sewerage system makes it impossible to have conditions that are sanitary according to present day standards.

SHOW WINDOW BROKEN
BY FLYING STONE

The plate glass in the window of the H. L. & B. W. Smith hardware store on the south side of the square was broken in an unusual manner Tuesday morning. As the truck belonging to the Princess Candy Co. passed the hardware store one of the tires struck a stone lying on the pavement and the stone flew thru the plate glass window. A small hole was broken in the glass and small particles of glass were strewn about the show window. The loss is fully covered by insurance.

Louis Bailey of Winchester, who was passing the store at the moment, narrowly escaped being struck by the flying missile.

New fall coats, suits and dresses arriving daily. The Emporium.

BACK FROM FRANCE

Mrs. Amelia Vertrees of Murrayville has received a letter from her daughter, Mrs. W. U. Kennedy who, with her son, is spending the summer at Bayfield, Wis., telling of the arrival of her husband, Major Kennedy, of the medical corps from Bordeaux, France. Dr. Kennedy was practicing in St. Louis when the war started and enlisted in the medical corps.

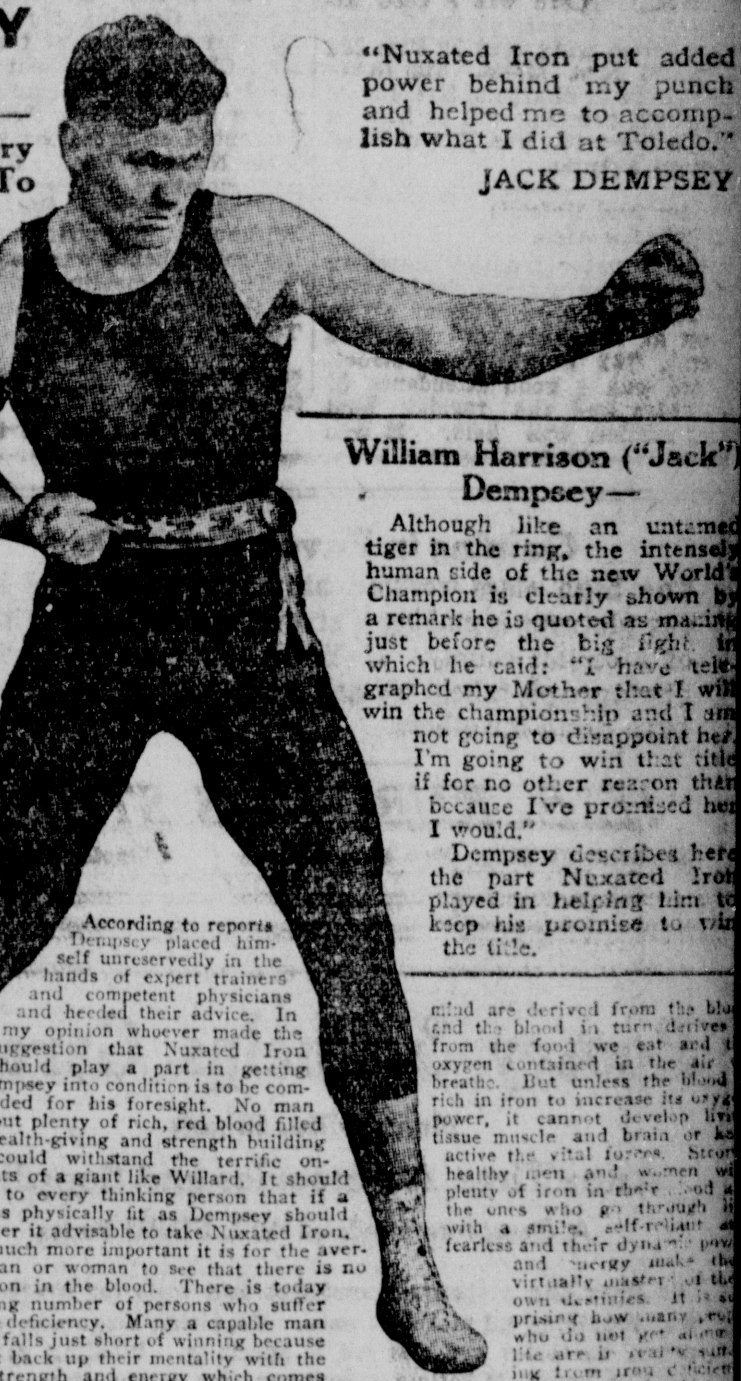

How Nuxated Iron Helped
Put Me In Such Superb Condition As To Enable
Me To Whip Jess Willard
And Win The World's Championship

JACK DEMPSEY
"TIGER OF THE RING"
Tells a Secret of His Training—
Recommends Nuxated Iron To Every
Man and Woman Who Wants To
Build Greater
Strength, Energy and Power

Today recognized as the physical superior to any living man—the Superman of the Age—Jack Dempsey, Heavyweight Champion of the world, explains below the part Nuxated Iron played in helping to prepare him for the supreme test of his career. In his decisive, smashing victory over the mighty Willard who had never before been knocked from his feet, Dempsey displayed a dynamic overwhelming strength and power never before known in the history of the ring. That he took Nuxated Iron as a part of his training is convincing evidence of the importance Dempsey attached to keeping his blood rich in strength-giving iron, and the high regard in which he holds Nuxated Iron as a master strength and blood builder.

In a statement made at his training quarters in Toledo, the scene of the battle, Jack Dempsey said: "After commencing the use of Nuxated Iron during my training for the big fight with Jess Willard, I soon noticed that I could stand harder strains with less fatigue than before, and I realized that I had found a tonic and blood builder which played an important part in getting me into fine condition. Formerly I had relied solely upon strength-building foods and outdoor exercise to keep my blood rich in red corpuscles, but with the World's Championship at stake, I felt that I should leave nothing undone that might help me to win. I was advised of the great value of Nuxated Iron for building up the blood, from iron deficiency. Many a capable man strengthening the nerves and aiding in keeping the body fit, and I am firmly convinced that its use has helped to wonderfully increase my stamina and endurance. Nuxated Iron put added power behind my punch and helped me to accomplish what I did at Toledo. From the results in my own case where the possession of super endurance is necessary, I feel that I am in a position to strongly recommend Nuxated Iron to every man and woman who wants to build greater strength, energy and power."

In connection with the foregoing statement made by Jack Dempsey, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said: "The methods of training adopted by the Willard and Dempsey may have had a great deal to do with the outcome of this fight."

According to reports Dempsey placed himself unreservedly in the hands of expert trainers and competent physicians and heeded their advice. In my opinion whoever made the suggestion that Nuxated Iron should play a part in getting Dempsey into condition is to be commended for his foresight. No man without plenty of rich, red blood filled with health-giving and strength building iron could withstand the terrific onslaughts of a giant like Willard. It should occur to every thinking person that if a man as physically fit as Dempsey should consider it advisable to take Nuxated Iron, how much more important it is for the average man or woman to see that there is no lack of iron in the blood. There is today a surprising number of persons who suffer from iron deficiency. Many a capable man strengthening the nerves and aiding in keeping the body fit, and I am firmly convinced that its use has helped to wonderfully increase my stamina and endurance. Nuxated Iron put added power behind my punch and helped me to accomplish what I did at Toledo. From the results in my own case where the possession of super endurance is necessary, I feel that I am in a position to strongly recommend Nuxated Iron to every man and woman who wants to build greater strength, energy and power."

Gilbert's Pharmacy

60,000 Earlier
Hudsons
Foretold This
Super-Six

Qualities That Men Had Predicted Would Make
it the Unrivalled Car Have Now Been Realized

Everyone knows Hudson Super-Six history. It is written in the official records of some of the greatest endurance and speed tests known. It is told in nearly every locality by those who know how performance reveals quality.

But its greatest fame lies in the appreciation that thousands of owners hold for it.

You have heard Hudson owners predict its ultimate achievements. They have praised their cars and yet always have said that a greater Super-Six was inevitable.

**Hudson Evolution
Came Naturally**

Let the reader review the past four years of motor history. The Super-Six was a distinct step ahead in motor designing. It added 72% to power without increased weight or complications.

Its principal was new. Vibration had been minimized. Performance has been increased.

That first Super-Six revealed a development not possible to any other type. It foretold the Hudson we now offer.

**Each Year Marked
Some Improvement**

New Hudson models are not mere changes in body design. Such attractiveness is not overlooked. The main effort has been to increase endurance, to free it from the faults common to all cars.

Easier starting, more reliability of performance, freedom from mechanical attention, a safer, more comfortable and more economical car has been the aim.

Each added quality has been proved in a thousand ways. The speedway, road racing, mountain climbing, trans-continental touring at express speed, did their part. Spectacular records were established, but long after details of the world's fastest mile for a stock chassis, or the double run from San Francisco to New York and return, had been forgotten by the public, Hudson engineers continued to profit by the lessons learned in those tests. Subsequent models showed the result.

Such a car would have been impossible without that experience. We did not enter racing to win prizes but to learn how to build a better car.

**Sales Lead All
Fine Cars**

Like the constant champion it proved to be on the race track, Hudson sales exceed those of any other fine car.

More Hudsons are built now than ever before. A month's output now is as great as was the first four month's production of the first Super-Six.

Sales demand, though has always been ahead of the supply. That shows how motordom regards the Super-Six.

When will you make it your choice?

R. T. CASSELL

No. 8 West Side Square

Social Events

Woman's Foreign Missionary Society of Grace Church.
The Woman's Foreign Missionary society of Grace church met with Mrs. Tilman J. Stout, 950 North Church street Tuesday afternoon. There was a good attendance. Papers on the Centenary jubilee were read by Miss Ida Lee and Mrs. Mohn. The devotion was in charge of Mrs. Jones. The next meeting will be held in September with Mrs. Fox, of West College avenue.

Mothers and Friends Association Met.
The regular monthly meeting of the Mothers and Friends association was held Tuesday afternoon at the home of Mrs. Lee Leitz, 762 South West street. There was a good attendance of members and the regular business session was held. It was

voted to hold the next regular social at the home of Mrs. E. W. Ward. The hostesses will be Mrs. Ward, Mrs. E. B. Alexander, Mrs. F. C. Benson and Mrs. Myers. A social hour followed and light refreshments were served and music on the Victrola was enjoyed.

Strawn's Crossing Club Meets Tuesday.
The regular meeting of the Strawn's Crossing club was held Tuesday afternoon at the home of Mrs. Charles Bealmear with a good attendance of members and a few guests. Mrs. Frank Green presented an excellent paper on "Our National Food Resources," and members answered the roll call with "Things We Can Do Without." Following the meeting refreshments were served. The next meeting will be held at the home of Mrs. Frank Green Tuesday, August 19.

Gave Birthday Surprise Party.
Tuesday was the birthday anniversary of Fred Killam living west of the city. His wife and son wishing to remind him that another mile stone in life had been reached invited members of the family and he was treated to surprise. The greatly taken aback he soon recovered and made the self invited guests feel at home. The evening was spent in delightful social manner. Refreshments were served. Mr. Killam was the recipient of a fine easy chair, the gift of his wife and son.

The guests, all relatives of Mr. Killam, were: Mrs. Ellen Killam, his mother; Mr. and Mrs. Albert Killam and son Robert, Mr. and Mrs. John W. Marshall and daughters Opal, Grace, Margaret and Zoe, and son Clifford, Mr. and Mrs. Bert Killam and daughter Mardell, Mr. and Mrs. Arthur Acom and daughter Elizabeth, Mr. and Mrs. Howard Martin and son, John S. Killam and Mr. and Mrs. George Killam.

Orleans Woman's Country Club Met Tuesday.
Members of the Orleans Woman's Country Club met at the hospitable home of Mrs. Clark Stevenson near Orleans Tuesday afternoon. Even if the day was warm there were twenty members and ten guests from several neighborhoods present. After the reading of the minutes and the business session the program for the afternoon was taken up. Mrs. Clark Stevenson, the hostess, gave two musical numbers, "La Paloma" and "Till We Meet Again."

Mrs. J. W. Arnold was the leader of the afternoon, her subject being "Products Brought Into Prominence Since the War." She selected concrete as a subject she deemed would be instructive and her paper was much appreciated by all present. Another paper was that by Mrs. W. H. Hinrichsen on "New York, the Metropolis of the World." The club members felt fortunate in having a member who spends her winters in New York and is able thus to give such valuable information about that great city.

After the program came a social hour and the hostess served delicious refreshments. The next meeting will be held September 2 with Mrs. William Strawn. The subject at that time will be "On What Does Climate Depend?" and members will respond to roll call by "Climate Freaks."

Scott County Young Woman Celebrated Birthday.

Miss Montie Hart of Scott county recently celebrated her birthday anniversary by entertaining a large company of friends at her home east of Winchester. Several hours were spent in a most pleasant way with music and outdoor games, and Miss Hart was the recipient of a large number of handsome gifts. In the course of the evening delicious refreshments were served to the guests. The cutting of the large birthday cake afforded much amusement. Miss Gertrude Patterson received the dime, Montie Hart the ring, Fred Masters the darning needle and Yates Potter the thimble.

The guests were Misses Virginia Gordon, Florence Jordan, Helen Frost, Anna Glossop, Evanda Potter, Minnie Weeder, Gertrude, Beatrice and Mildred Patterson, Alta Lawless, Stella Worrall, Fay Ranson, Irene and Ruth Hamsel, Mary Stringer, Helen Hart, Nell Gibbs, Jessie, Ethel and Fanny Master; Messrs. Edwin Gordon, Wilbur Gibbs, Harold Burke, Floyd Glossop, Gale Ranson, Frank Hart, Carl Lawless, Lee Fletcher, Fred and Harry Stringer, George Worrall, Yates Potter, Joyce and Fred Masters, Clyde North and Thomas Dodsforth.

All departed at a late hour wishing Miss Hart many more happy birthdays and thanking her for her hospitality.

FLEET MAKES FAST TIME.
San Diego, Aug. 4.—Making faster time than had been scheduled the Pacific Fleet will anchor off the Coronado Islands, Southern California, Wednesday, at 6 a. m., according to a wireless message received today from Admiral Hugh Rodman.

POSTPONES CONVENTION
Ottawa, Ill., Aug. 4.—Because of the race rioting in Chicago, Sheriff Peters of Cook county, president of the Illinois Sheriffs' Association has postponed for two weeks the annual convention of the organization which was to have been held here this week, according to information received today.

WALKOUT MAY CAUSE CLOSING OF FACTORIES
(Continued from Page One.)

in selecting men for official positions.
5: Unless the government adopted the policy of fixing low rates and fares with the intention that any resulting deficit from operations should be placed as an increased burden of taxes upon the general public, rates and fares would be higher under government than under private operation. Under government operation expenses rise in relation to income and the charges imposed by the government, if a deficit is to be avoided, must be higher than those which it would be necessary to permit railroad corporations to make.

6: The political effect of government ownership and operation of railroads in the United States might be serious. There are now about 500,000 civil employees of the government. The addition to the public services of 2,000,000 railroad employees, the majority of whom are voters, would constitute a force of about 2,500,000 government employees interested in controlling the policy of the government as regards wages, hours and conditions of service. Such a body of employees might easily exercise a controlling influence upon state and national policies.

Discussion of the railroad question ran thru much of the day's debate in congress.

Report Spread of Strike.
Chicago, Aug. 5.—Further spread of the strike of railway shopmen, especially in the middle west where about 15,000 workers went out today, according to union reports with a strike of 10,000 men on the Norfolk & Western set for tomorrow, marked the fifth day of the walkout. Railroad executives have told the bureau of the department of justice that the strike is illegal.

The barrier was let down today for the boilermakers to join the other strikers, according to L. M. Hawver, president of the Chicago district council of the Federated Railway Shopmen's Union, which called the strike last Friday. He announced a telegram from E. C. Chase, the boilermakers' representative on the national agreement committee now negotiating with the railroad administration in Washington, that conditions do not warrant holding men any longer.

Chase, according to Hawver, had opposed the strike until a referendum of the workers had been taken.

While railroad yards in the Chicago district have become congested with cars, union officials declare all railroad service will be more seriously affected in a few days. They admit the strike was called in defiance of the grand lodge officers of the unions involved but that it was in compliance with the wishes of the rank and file of the federation. They also refuse to take a strike vote August 24, as ordered by the grand lodge, and assert that the rail administration must grant their demands for 85 cents an hour for mechanics and 60 cents an hour for helpers.

R. H. Ashton, asserted today that the strike was illegal, since the grand lodge officers had opposed it and ordered the men to return to work. He said it was to be hoped that those conducting the strike would come to their senses soon before disaster overtakes the whole country.

Franklin picnic, chicken fry, Aug. 7.

NO CASUALTIES IN MINE FIRE
Charleston, W. Va., Aug. 4.—Fire at the Thomas Coal Company mine at Blair, W. Va. which broke out this morning was extinguished tonight without the loss of life or any miner suffering injury. W. H. Hetherman, chief of the state department of mines announced tonight.

FOREST FIRE LOSSES AMOUNT TO \$755,000
MISSOULA, Mont., Aug. 5.—Loss from forest fires in Montana and Northern Idaho, this season up to July 31, amounted to \$755,000, it was estimated today by Glenn A. Smith, assistant district forester. Heavy rains have removed the fire menace in Montana, the fires in Idaho are still threatening.
A total of \$815,000 has been spent in fighting forest fires in Montana and Northern Idaho, this season.

CYCLONE DAMAGES CROPS
Waterloo, Ia., Aug. 5.—A cyclone which formed five miles northwest of Bristow, Ia., struck that town late yesterday causing heavy damage to crops and property but injuring no one.

—Ice Cream
—Sodas.
—and Sundaes

MINERS REVOLT AT FARRINGTON'S ORDER
BELLEVILLE, Ill., Aug. 5.

The 2,000 striking coal miners in the Belleville district at a meeting today revolted at an order from Frank Farrington, president of the Illinois branch of the union, instructing them to return to work, and adopted a resolution censuring him for sending it.
The miners went on strike yesterday for higher wages and as a protest against fines imposed by the mine operators when they joined a Mooney sympathetic strike July 5. They demand that the fines be refunded.

RUMANIAN FORCES ENTER BUDAPEST

BERLIN, Aug. 5.—(By The Associated Press.)—Rumanian forces numbering 30,000 entered Budapest yesterday according to dispatches received today although it was stated the Rumanian commander and a representative of the Rumanian mission signed an agreement Saturday that the Rumanians would not occupy the city. All parts of the city were occupied by the Rumanian troops, according to these dispatches and Hungarian troops within the city were interned.

INVESTIGATE MINES

Berlin, Monday, Aug. 4.—By The A. P.—The Vossische Zeitung says that an American commission composed of financiers, engineers and other officers is in Karsbad investigating the porcelain-earth mines there as security for an American loan to Czechoslovakia. It is also asserted that the city of Karsbad will rent its cure baths to an American concern.

GEN. BANDHOLTZ ON MISSION

Paris, Aug. 5.—Brig. Gen. Harry H. Bandholtz, former chief of the Philippine constabulary (has been appointed by the American delegation to the peace conference as American representative to the allied military committee which will go to Budapest to arrange the terms of an armistice.

NUMBER OF TROOPS OVERSEAS

Washington, Aug. 5.—General Pershing cabled the war department today that on July 31, a total of 98,497 troops were still overseas.

WILSON GOES TO WASHINGTON

Chicago, Aug. 5.—Thomas E. Wilson, president of Wilson & Co., packers, and is chairman of the executive committee of the institute of American Meat Packers, today left for Washington, D. C., to appear before Senator Ball's committee investigating the high cost of living.

DOCK WORKERS OUT

Duluth, Aug. 5.—Tie-up of the entire Duluth, Mesabe and northern system is threatened because 50 ore dock workers failed to report for work this morning. The dock men's union is affiliated with the railway shop workers. Stoppage of movement from docks must result in a general tie-up in a short time.

AUTHORITATIVE PROBE OF PROFITEERING

Chicago, Aug. 5.—The city council today authorized an investigation of profiteering landlords, including hotel and boarding housekeepers and ordered an ordinance drawn to compel retail merchants to mark their food stuffs plainly with the prices.
The department of public service is investigating high rents. The findings will go to an administrative committee appointed today.

MOTHERS TO BE

Should Read Mrs. Monyhan's Letter Published by Her Permission.
Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers taking it some days I suffered with bad headache, I had neuralgia so thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my household work. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good." — Mrs. Pearl Monyhan, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

deer bill:
I see in our daily papers that we get every day some days that the city council and some of our citizens are in favor of issuing bonds to pay of the debts the city owes. now that might be a good scheme but what I want to know is how in sam hill there got to git the money to pay of those bonds. I know how it could be done very easy. Just issue bonds in series, say A, B, C, etc., when serious "a" is due, issue serious "B" to pay of "a" and so on—I may be related to Andy Gump but it looks to me like this—some day we are goin to have a cracker jack water system—why not issue bonds to get it quick, move the city light plant to the dam, make it larger, sell water and electricity, and if properly managed together they would not only get the city out of the hole but I believe in time would make enough money to reduce taxes. Yours truly, JACK.
P. S.: They could add an ice plant to it very easy, and say bill, they sell ice in this town at 60c a hundred and bill how much do you think it costs to make a ton of ice. make some inquiries from some one who knows and won't lie about it and you will be surprised.

Maytag Washer
The Maytag Washer is the highest development in washers. Absolutely an epoch-making invention, with every worth while feature. Designed to embody the highest degree of efficiency and durability. Has already attained a popularity and use that is nation-wide. The wonderful little Maytag Multi-Motor is a great boon to homes without electricity. Put in the clothes, the soap and the water, close the washer and turn the switch—press the starting wheel with your foot and the trick is done.

Graham Hardware Co.
No. 30 North Side Square

You can't be charming unless you're free from underarm perspiration
THE smartest clothes, the loveliest skin, even the most vivacious manner and conversation fail to make you really charming if there is noticeable about you the moisture or odor of underarm perspiration!
Excessive perspiration under the arms should evaporate as quickly there as it does on the rest of the body. But clothing and the curve of the arm have made the normal evaporation of perspiration under the arms impossible. No amount of soap and water, or powder, or ordinary deodorant can correct this.

How every woman can be free from this annoyance
A toilet lotion, called Odo-ro-no, formulated by a physician, harmlessly corrects both perspiration moisture and odor. It is easy to use, quick to relieve you. Regularly, two or three times a week, pat it under the arms with a soft cloth. Let it dry. Dust over it some talcum powder. Then your underarms will remain perfectly dry, sweet and odorless.
You'll be absolutely dainty in any situation. Don't be without Odo-ro-no another day. Get a bottle from your druggist or toilet goods dealer.

CAMPAIGN AGAINST WEEDS TO BEGIN

City Officials Make Tour of Inspection and Find Conditions Far From Hopeless—Police Department Will Make Personal Requests to Have Needed Work Done—Legal Steps Only After Other Methods Have Failed.

The question of weeds has become a very annoying one to city officials as such numerous complaints have been filed about the growth of these noxious weeds on

vacant lots. Mayor Crabtree has received dozens of complaints and they have been registered very freely with City Clerk Pyatt and most of the aldermen. In order to get at the exact conditions Mayor Crabtree with Alderman Moore and Chief of Police Kiloran drove all about the city yesterday to inspect those localities from which complaints have come and also to note general conditions in the wards with reference to growing weeds. Alderman Williamson was to have been one of the party but was out of the city.

Last night Mayor Crabtree said that he was mightily pleased to find that on inspection the conditions didn't seem to be nearly as bad as the complaints suggested. In fact, if there is just a little co-operation on the part of property owners it will not be long until the cause of these complaints has been removed. The officials decided at once that the best way to proceed is for the chief of police or some one from the police department to personally call upon the owner of lots where weeds are growing, and explain the situation and ask that the work be done. In fact, such visits have already been made in a number of instances with uniformly satisfactory results.

If the "peaceful" and friendly visits and requests do not bring about the desired condition the chief of police and patrolmen will make a return visit, will hand to the property owner a communication in which attention will be called in a courteous and firm way to the law governing the subject. It is believed by Mr. Crabtree and other city officials that the personal visits and requests will bring about the desired results and that it will not be necessary to present the formal notices to the property owners.

Notice

We believe that the citizens of Jacksonville wish the ordinances enforced, and that is to be the policy of the administration, we believe that the citizens of Jacksonville wish to obey the ordinance but thoughtlessness, and some times ignorance of the ordinances interferes.

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. 01 North Sandy St. Either Phone No. 9

Many complaints are being telephoned and written about property owners allowing weeds to grow. Below we quote from the city ordinance:

Article XV.—Noxious Weeds
918. Section 1. That any weeds such as thistles, horse weeds, jimson, burdock, sour dock, rag weeds, cockleburrs, or other noxious weeds of like kind found growing on any lot, block, tract or parcel of land, situated along any street or avenue of the city of Jacksonville shall be and they are hereby declared and deemed to be a nuisance, and any owner, occupant or agent of any such lot, block, tract or parcel of land who shall neglect or refuse to abate such nuisance after five (5) days' notice so to do by the superintendent of streets or any member of the police force shall be subject to a fine of not less than three (\$3.00) dollars, and to a further fine of one (\$1.00) dollar for each day after the first conviction that he or she shall fail to obey such notice.

The officials have notified many people to cut their weeds and many of them pay no attention. This is your notice, that unless the weeds on your lot No. —, are cut on or before —, 1919, that the ordinance will be enforced against you, which means that the city will bring whatever action is necessary to enforce the fine.

This is not our desire, nor our pleasure, but you must govern yourself accordingly.

IS PROMINENT MINISTER

Rev. E. C. Pires, Mrs. Pires and son are here from Erie, Pa. and are guests at the home of Mrs. E. N. Pires, on North Main street. Mr. Pires drove to Jacksonville in a Dodge sedan car which was presented to him by the members of his congregation. His church at Erie is one of large membership and influence. Those who heard Mr. Pires preach at Westminster church Sunday could readily understand why he was accounted one of the strong preachers of the Pennsylvania conference, and the reasons for his rapid advancement.

VISITORS FROM BUFFALO, NEW YORK

Mr. and Mrs. B. F. Dahke of Buffalo, N. Y., are visiting Rev. and Mrs. J. G. Kuppler. Mrs. Dahke is a sister of Mr. Kuppler. Mr. Dahke is a member of Dahke Stationery Manufacturing Company of Buffalo.

SHE'S THE HAPPIEST WOMAN IN THE STATE

That is What Mrs. Poe Says After Tanlac Restores Health — Gains Thirty Pounds.

"The results I have gotten from Tanlac are so wonderful that I feel compelled to tell everybody about it," said Mrs. John Poe of 601 South Third street, Pekin, Illinois, while in the Sutliff & Case Drug store at Peoria, recently. "I don't believe," she continued, "anyone could suffer much more than I did before I got Tanlac and my recovery has made me the happiest woman in Illinois. You would hardly believe me when I tell you I have gained more than thirty pounds, but I have and my daughter here with me will tell you the same thing. Why, my stomach was in such bad fix that everything I ate caused me to suffer agony. Time after time during the past fifteen years the gas would press on my heart so that I would faint. Great drops of perspiration would stand out on me and when I regained consciousness I would be as limp as a rag. Lots of times my neighbors would come in, thinking I was going to die. I didn't dare go any place for fear of these spells would come on me and I wouldn't get home. I suffered beyond words to tell with rheumatism in my feet and legs and elbows. I couldn't get my shoes on at times for the swelling in my feet and would have to sit for days with my feet on a pillow in a chair, they hurt me so. My elbows were so stiff I could scarcely bend them and the pain was so great that I could hardly use my arms at all. My misery was so awful that I could not sleep but little and I have stayed awake many a night suffering and wondering if there was nothing made that could help me. "I had taken medicine until I was so discouraged and despondent that I didn't care how soon the end came, for a felt that it wasn't far off. My husband urged me to get Tanlac and, oh, how glad I am that I did, for I began to eat and sleep better in just two or three days after I began taking it. My troubles have all disappeared now and my recovery is the greatest surprise that ever came to me. I can eat just anything I want and lots of it and never suffer a particle from it. In fact, my stomach seems to be in perfect condition, as good as when I was a girl, and I haven't had one of these awful smothering, fainting spells since I began taking Tanlac and as to the rheumatism I never feel a sign of it any more. My head used to feel dull and hurt me in the morning, but that is all gone. "So, and I don't know anyone ever had more cause to feel thankful than I have. I just feel I owe my life to Tanlac and I only wish I had known about it long ago."

Tanlac is sold in Jacksonville by Coover & Shreve; in Mercedosa by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by the Wyle Drug Co., and in Woodstock by the Hoy Pharmacy.—Adv.

AMERICAN MISSION IN CONSTANTINOPLE

PARIS, Aug. 4.—Monday—A dispatch to the Temps from Constantinople says the American commission charged with an investigation of Turkey in connection with mandates has arrived in Constantinople after visiting Syria, Palestine and Adana, where it received representatives of all the Turkish parties, economic committees, Armenian patriarchs and rabbis. To these people the commission propounded two questions, first, "What are your wishes?" And second, "If a mandate is found necessary to what country do you prefer to entrust it?"

Thracian, Trebizond and Smyrna committees were invited to submit memoranda to the commission regarding their desires.

GRACE CHURCH PRAYER MEETING

At the regular prayer service at Grace church this evening Fred Bray will tell of the hospital trains in France. Mr. Bray was in the Red Cross service during the war and no doubt will have a message of great interest. Miss Myra Kirkpatrick will give a patriotic song.

TAYLOR FAMILY LEAVES ON VACATION TRIP

Mr. and Mrs. A. R. Taylor and children will leave this morning for a vacation trip of ten days or two weeks. Their ultimate destination is Fairland, Ill., where they will be guests of Mrs. Taylor's parents, Dr. and Mrs. W. F. O'Brien. Among cities they will visit during their absence will be Springfield, Decatur, Champaign, Urbana and Danville.

VISITORS FROM KANSAS

Mr. and Mrs. E. L. Stimpson and two children arrived in Jacksonville last night from Wichita, Kans., and are now guests at the home of John Rawlings southwest of Jacksonville. They made the trip in their car, driving the long distance in two days. Mr. Stimpson will be remembered as a former resident, son of the late J. W. Stimpson. His wife is a daughter of Mr. Rawlings.

VISITING PARENTS

Wilbur Kitner of Lamar, Mo., is in the city for a visit with his parents, Mr. and Mrs. W. H. Kitner. Mrs. Kitner has been at Woodson for several weeks called by the illness of her mother, Mrs. John Henry.

JOHN CAPPS GOES TO NEW YORK

John Capps, son of Mr. and Mrs. C. C. Capps left yesterday for Drumwright, Okla., where he will enter the employ of the utility company in that city. The utility is managed by W. B. Miser and he made Mr. Capps who worked for him here a most desirable offer.

HOUSE AT OMENA BURNS

A house on the property of E. E. Crabtree at Omena, Mich., was destroyed by fire Monday night according to a message received Tuesday by Mr. Crabtree. It was a house of four or five rooms in the rear of the house occupied by the family during the summer months, located so near it that the wonder is both properties were not burned.

Mrs. J. H. Danskin and son Kenneth will leave today for Kansas City to spend two weeks at the home of Mr. and Mrs. J. Wilbur Anderson.

Miss Maude Moxon will leave today for a visit with friends in Mt. Sterling.

CY DeVRY.

What person, young or old, does not enjoy a visit to the zoo. The chautauqua, of course, can't establish a Zoo, but it has done the next best thing. Thru a very fortunate circumstance it has been enabled to secure Cyrus B. DeVry, whom thousands of Chicagoans know familiar as "Cy" DeVry. Mr. DeVry has for twenty five years been the director of the zoo at Lincoln Park. He is an authority on the subject of Wild Animals in Captivity, and he will lecture on that subject, illustrating his address by many pictures of animals. Some of the experiences which Mr. DeVry has had, in his chosen profession have all the thrills of romance, and every hearer is sure to find something of interest to him. By all means, let the children hear Mr. DeVry and enjoy his pictures.

Great Majestic Range Bargain Week

Special Demonstration and Bargain Sale of Majestic Ranges At Our Store—One Week Only
AUG. 3 TO 9TH INCLUSIVE
To Be Truly Economical There Should be a Majestic in Your Kitchen
THE BARGAIN
And It's Well Worth Your While

Through special arrangements with the manufacturers, and during this Bargain Week only, a beautiful, useful and substantial set of Cooking Ware will be given with every Majestic Range sold. This ware is good ware (not cheap ware)—It's worth a lot to you. Come and see for yourself.
AND REMEMBER—The price of a Majestic Range this week will not be increased, and there will hardly be a great reduction for years to come, if ever, but there may be an increase soon.
YOUR OPPORTUNITY IS HERE
At our store—during our Majestic Bargain Week. It's your chance to get acquainted with real facts about ranges. We assure you it will be worth your while to investigate.

Two New and Important Features

THE WONDERFUL UNSEEN RIVETING—Yes, it's rivet-tight, just like the old Majestic, but the rivets clinch inside of nickled parts, leaving nickel smooth as glass, and there are no big, bulky bolt-heads on the inside. And, remember, rivets hold tight; bolts with only one or two threads holding are bound to work loose and cause no end of trouble. The Majestic is smooth inside and outside—it's a striking beauty—more than skin deep.
OH, JOY! TOP NEEDS NO BLACKING—A smooth, highly polished cooking top, burnished blue, not only adds to the beauty of the Majestic, but absolutely eliminates the work, dirt and worry of trying to keep the range looking nice—just an occasional thin coat of paraffine retains its beautiful velvet blue color.
If you haven't a MAJESTIC, avail yourself of this opportunity to get acquainted with this wonderful range—know the ins and outs of ranges.

When the Farmer Has to Plow

THERE comes a time on every farm when work must be done at once if it is to be done at all. It may be plowing, cultivating, harvesting, or housing of the crops. When conditions are right the work must be started and pushed with all possible speed if the farm is to pay a maximum return that season.

Under such conditions the man on the job has no time to go to town, even to get necessary supplies, and no one on the place can be spared for that purpose.

Sometimes it is necessary to send in for food, seed, or machinery, but for his requirements of petroleum products, the farmer knows that he will be supplied by the dark, green tank wagon of the Standard Oil Company (Indiana) which calls at his home as regularly, though not as often, as does the man who brings his mail.

He has learned that he can depend upon this delivery service, and that the Standard Oil man will deliver his kerosene, gasoline and lubricating oil not only to his door, but, if needs be, to the tractor in the field—there are 150,000 tractors in the Middle West.

This is the reason for the harmonious, close, friendly relations which always has existed between the Standard Oil Company (Indiana) and the farmers of the Middle West. Also this is another reason why the Standard Oil Company (Indiana) takes pride in its position as a public servant, doing an exacting job as well as it knows how, to the distinct advantage of the man who raises the crops, and the millions who eat them.

Standard Oil Company
(Indiana)

910 So. Michigan Ave., Chicago

From County Agents Office

Multiple Hitch Again.
As previously announced, the Multiple Hitch Demonstration will be given at Arnold on Saturday afternoon, August 9th. An invitation was extended by the county agent to E. A. White, the inventor of the Multiple Hitch, to be present and address the gathering but Mr. White has recently taken a position with a manufacturing concern and cannot be present. Wayne Dismore will be in charge of the demonstration. As planned now the 6 horse hitch will be used first and then there will be a drop back to the 4 and 5 horse hitches. In using this hitch 35 foot head lands and side lands are left. The balance is plowed in lands 150 to 200 feet wide. After these lands are plowed the head lands and side lands are plowed by going round and round the field. The Multiple Hitch apparatus has arrived and may be seen at the Farm Bureau office at the Court House.

Limestone Demonstration.
The effect of limestone upon clover will be noted and demonstrations given showing how limestone should be applied immediately preceding the Multiple Hitch demonstration at Arnold. An inquiry of our dealers, in agricultural implements, reveals the fact that none of them have a limestone spreader in stock. For this demonstration we are going to borrow spreaders now in use in the hands of farmers. These demonstrations will be of interest to every farmer in the county and a cordial invitation is extended to everybody to attend both of these.

Potato Wart.
In 1911 and 1912 importations of potatoes were made from Europe. These were not of a very good quality. As a whole, they were sold among the poorer classes in our large cities. Some were planted. With these importations we got a very serious potato disease known as Black Wart. An inspector from the U. S. Department of Agriculture, F. E. Bechtel, was here Monday inspecting commission houses and grocery stores to see if we had any traces of the disease. No evidence of the disease was found there.

Seed Wheat and Seed Oats.
An inquiry has been received from Dr. W. L. Burlison of the College of Agriculture for seed wheat and seed oats. He wishes the county agent to ascertain whether we have any surplus of good seed wheat or oats in this county. We should be glad to hear from any farmer who wishes his product mentioned to Mr. Burlison.

Grasshoppers in the Clover
The grasshoppers are making inroads on our second crop of clover. They are present in large enough numbers to seriously menace the seed crop. In some counties the farmers have constructed hopper catchers and are catching from one-half bushel upwards per acre. A hopper catcher costs from \$20 to \$25 accordingly as the materials are purchased and used by hired labor. They are well worth the money. The county agent will gladly assist any farmer in constructing and operating one of the hopper catchers.

FOR SALE
Fancy hand picked Siberian crab apples for jelly and preserving. 60 cents per peck or \$2 per bushel delivered. Cannon Produce Co.

ANNOUNCEMENT.
For County Commissioner.
I hereby announce myself as a candidate for the office of county commissioner on the Republican ticket, subject to the decision of the Republican primary, Wednesday, September 10.

MAKE SORE FEET WELL

You can stop the ache and smart of a sore foot and make them able to stand their duty by giving them the right treatment.

Try this new preparation that your druggist has been selling for the last few weeks. It is called Ma-Oze Foot Relief. It drenches for tired, aching, smarting feet, soothes the pain and helps to put the foot in such condition that it will not chafe.

Get a package for a quarter. Put it on your feet in a hot foot bath and so on for a few minutes. You'll be amazed at the relief it gives. Do this for a week and you'll be at foot trouble.

New York at St. Louis.
Philadelphia at Pittsburgh.

BRAVES BUNCH HITS AND DEFEAT CUBS

Rudolph is Hit Freely, But Tightens in the Pinches and Receives Perfect Support.

Chicago, Aug. 5.—Boston bunched hits off Carter today and defeated Chicago 3 to 1 in the first game of the series. Rudolph was freely but tightened up in the pinches and was given perfect support. The score:
Club— R H E
Boston . . . 111 000 000-3 12 0
Chicago . . . 000 010 000-1 9 2
Rudolph and Gowdy; Carter, Bailey, Martin and Killefer.

Cincinnati 7; Brooklyn 2.
Cincinnati, O., Aug. 5.—The Cincinnati team easily defeated Brooklyn today in the first game of the series. Ring was hit hard in the first two innings, but pitched brilliantly the rest of the way. The score:
Club— R H E
Brooklyn . . . 110 000 000-2 6 2
Cincinnati . . . 200 003 20x-7 11 2
Mitchell, Smith and Miller; Ring and Rariden.

Philadelphia 2; Pittsburgh 0
Pittsburgh, Pa., Aug. 5.—Philadelphia defeated Pittsburgh today 2 to 0 due to the effective pitching of Meadows, who kept the five local hits scattered. The score:
Club— R H E
Philadelphia . . . 200 000 000-2 6 1
Pittsburgh . . . 000 000 000-0 5 2
Meadows and Trageser; Adams, Mayer and Blackwell.

St. Louis 6; New York 2.
St. Louis, Mo., Aug. 5.—May puzzled New York with his slow delivery while the Giants played listlessly and St. Louis won the opening game of the series 6 to 2. The score:
Club— R H E
New York . . . 000 000 020-2 6 3
St. Louis . . . 210 100 02x-6 13 0
Douglas, Dubuc and Gonzales; May and Dithoefer.

LAWRENCE HEGARTY AGAIN ON THIS SIDE

Mrs. Terence Sloan of 999 East Lafayette avenue was yesterday in receipt of the advice that her nephew, Lawrence Hegarty had arrived in this country after an extended period of overseas service. The young man, who was formerly a resident of this city, before entering the service something over a year ago, removed to Granite City. He served as a member of a medical unit, and thus was in a position to see a great deal of the horrors of war. His many friends both in this community and in Granite City are glad to know that he is once again in the U. S.

MOULD ROAD TO BE OILED IN NEAR FUTURE

The Mould Road is to be oiled in the near future and the roadway was being put into condition for this by grading work Tuesday. This is one of the roads which is badly in need of oil and the improvement will be greatly appreciated by travelers as well as the residents along the road.

SEVERAL REAL ESTATE DEALS MADE

Yesterday the Story Exchange closed a deal which transfers the farm of George Middleton, lying one and one half miles south of the Point to A. G. Lind of South Webster avenue.

The farm contains 153 acres.

and is occupied at present by Ernest Millon. Mr. Middleton being resident in California. Mr. Lind last spring sold his farm near Arcadia and since then has been living on South Webster avenue, having purchased a five-acre tract from Grant Graff.

The exchange also put thru two

city property deals. The property of Mrs. M. R. Clark at 123 City Place, was sold to Rev. W. R. Johnson of Winchester, possession to be given September 1.

The Orville Adkinson residence on Grove street has been sold to Ashby Ator of Concord. Mr. Ator expects to move here to

educate his children but will retain his farming interests in Concord precinct.

NOTICE OF FINAL SETTLEMENT

In the Matter of the Estate of John Tendick, Deceased. Notice is hereby given, That I, the undersigned executrix of the Last Will and Testament of John Tendick deceased, have caused my final report and account as such executrix to be placed on file in the office of the Clerk of the County Court of Morgan County, Illinois, and that I shall apply to said Court on Monday, the 18th day of August A. D. 1919, at 9 o'clock A. M. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted. E. Hannah Tendick, Executrix.

EXECUTOR'S NOTICE

Estate of Richard Standley, Sr., deceased. The undersigned, having been appointed executor of the last will and testament of Richard Standley, Sr., late of the county of Morgan and State of Illinois, deceased, hereby give notice that they will appear before the county court of Morgan county, at the Court House in Jacksonville, at the October term, on the first Monday in October next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted. Dated this 28th day of July A. D. 1919.

EDWARD STANDLEY, RICHARD STANDLEY, JR., Executors. Wm. E. Thomson, Attorney for Estate.

NOTICE OF SALE OF REAL ESTATE TO PAY DEBTS STATE OF ILLINOIS

COUNTY OF MORGAN. IN THE COUNTY COURT OF SAID COUNTY IN PROBATE. JULY TERM, A. D. 1919.

W. E. Smith, Administrator of the Estate of Moses Mallory, Deceased, vs. Adeline Mallory, Olive May Seymour, Paul Seymour, John K. Long. Petition to Sell Real Estate to Pay Debts.

Notice is hereby given that by virtue of a decree entered by the Probate Court of Morgan County, Illinois in the above entitled cause at the July Term, A. D. 1919, thereof, to-wit, on July 8th, 1919, the undersigned administrator will at the hour of Two O'clock P. M. on Saturday, August 9th, 1919, at the front door of the Court House in Jacksonville, Illinois, sell at public vendue, to the highest and best bidder, to pay debts of said Estate, the following described real estate, to-wit:

Lot numbered Eighteen (18) in Duncan Grove Addition to the City of Jacksonville, in the County of Morgan and State of Illinois. Possession given within thirty days of day of sale.

Terms of Sale: Cash in hand on day of sale. Said sale to be made subject to the approval of said probate Court.

July 9, 1919. W. E. SMITH, Administrator of the Estate of Moses Mallory Deceased. Wm. E. Thomson, Attorney.

SEMI-PANIC IN GRAIN MARKET

Corn Makes Steep Descent of as Much as 10 Cents a Bushel During Selling Stampede.

Chicago, Aug. 5.—Semi-panic broke out this afternoon among holders of grain and provisions. The cause was fright as to make effects of sudden sweeping action at Washington toward putting wheat into the hands of consumers at prices far below what the government has guaranteed to pay the farmers. During the consequent selling stampede corn made a sheer descent as much as 10 cents a bushel from the day's top and closed 4 1/2 @ 7 1/2 cents net lower, September \$1.74 to \$1.74 1/4 and December \$1.42 1/2 to \$1.43 1/4. Oats lost 1 1/2 @ 2 1/4 and provisions all the way from 15c to \$3.50.

Strain in the corn market went beyond the limit of endurance when near the end of business houses the attention of traders became centered almost altogether on the chance that the conference announced to take place between President Wilson and Federal Wheat Director Julius Barnes this evening might result in a radical change of the policy which it had been generally assumed that the government would follow as to the disposal of the 1919 domestic wheat crop. Until after mid-day the majority of dealers had clung to the opinion that recent drastic setbacks in the price of corn had sufficiently discounted for the present the influence of the agitation against high cost of living. However the contingency in regard to wheat had been looked on as remote. Then came signs that this view was perhaps a mistake and simultaneously the fact was disclosed that the market was almost bare of orders to buy. Liquidation and short selling then came in the end, mainly thru profit taking on the part of bear speculators.

Oats sympathized with the extreme weakness of corn. Packers buying of lard and ribs made those commodities relatively firm. Pork, too, lacked any support and fell like lead.

Indianapolis Livestock

S. W. NICHOLS VISITS EARLY OHIO HOME

Tells of Conditions in Buckeye State—Said Not so Good as Illinois—Have Good Stock.

A short time since the writer had the pleasure of a visit in Zanesville, Ohio, with his long time friend, William E. Guthrie, brother of George C. Guthrie, member of the firm of Johnson, Hackett & Guthrie of this city. Mr. and Mrs. Guthrie are royal entertainers and made their guest most welcome. While there Mr. Guthrie placed his fine automobile at the service of his guest and many rides were enjoyed in the vicinity of Zanesville where the scenery is wonderfully fine and fascinating, noble hills, grand forests, beautiful streams, all combining to make a whole truly most enjoyable.

One day the visitor was taken to Roseville, ten miles distant, here he lived from 1853 to '56. There he met a few of his childhood schoolmates and saw the building in which his father last served as a minister. Then starting with Mr. Guthrie's chauffeur, the writer had a delightful ride of over a hundred miles through localities familiar to his childhood to another place where his family lived from 1849 to '53 and there he saw more of his childhood playmates now grey haired men and women, yet glad to greet him. Mr. Guthrie has spent his entire life in Zanesville and is one of the highly respected and valued citizens of the city, while his wife is an accomplished and charming lady.

A Deluge.
A memorable event in that city is the flood of 1913 when a bridge across the Muskingum river was nearly ten feet under water. One would not imagine it possible that Mr. Guthrie's house ever could be reached by a flood but the water was four feet deep on the first floor of his beautiful residence. He had warning and moved his goods to the second story and there for four days was generous host to neighbors whose dwellings had been washed away. Only one or two lives were lost but the damage was enormous.

Some Observations.
The soil of that part of the country is principally yellow clay and not very productive. A gentleman posted said the best land sold for from \$150 to \$200 an acre, only the choicest bringing the latter figure. Naturally they lack some of the things observable in regions of black prairie soil. The wheat and oats crops seemed to be very good but corn is naturally light.

Some luxuries they also lack. It was remarkable to note the number of ancient worm rail fences yet existing though no new ones are being constructed. Another luxury they are unable to afford is inferior stock. The superior quality of the horses and cattle was everywhere noticeable for they simply can't afford any other.

Another expensive luxury much absent there is poor roads. Not all the cross roads are perfect but the main highways are hard, either concrete, macadam or some substance making a hard surface, the joy of auto drivers. Of course if they had good black prairie land worth from \$300 to \$400 an acre they might have poor roads an inferior stock.

Then too another expensive habit they lack is the luxury of leaving implements exposed to the weather after using them. In passing along many miles the writer failed to notice a single farm implement exposed to the weather after it had been used. The next place visited was Elgin, Ill., where live Mr. and Mrs. Huber, formerly of this city. Mr. Huber is making good in the Elgin high school and his services

WALKOUT OF SHOPMEN BRINGS SERIOUS RESULT

Stringency of Freight Movement Being Felt—Wabash Refuses Freight—Alton Operating Local Freight.

Stringency in the movement of freight is being felt in Jacksonville as the result of the walkout of shopmen which occurred Saturday.

Tuesday Freight Agent Unglaub received a message from Supt. Karnes of Springfield instructing him to discontinue receiving freight of any kind. The Wabash has annulled its local freight trains and but few thru freights are in operation.

The Burlington and C. P. & St. L. also are in about the same condition as the Wabash. Since the walkout of the shopmen Saturday the men have been holding conferences with the officials and also holding meetings at the Labor Temple.

While local officers of the shopmen were confident Saturday that some definite action would be taken and they would be back at work by this time, no solution of the problem seems to be in sight. Unless something is done soon there will be a thru freight business, however, is curtailed on the system.

According to local Alton officials the walkout has affected that road less than any of the others entering Jacksonville. While the shopmen of the system are out the company is still operating local freights the no perishable freight is being received. Thru freight business, however, is curtailed on the system.

The freight clerks, messengers and baggage handlers also have an organization. Tuesday afternoon an order was received by the local force and the force at Roodhouse to walk out. The men decided to quit at 5 o'clock Tuesday evening.

However, the matter was reconsidered and the men decided to stick on the job for the present anyway. If the men had carried out the order to quit it would have closed the freight offices in this city and Roodhouse and stopped freight business entirely in the two cities.

It is becoming increasingly difficult for the roads to make up trains. A man had to be sent to Moberly, Mo., from Springfield to make up a train as the car repairers whose duty it is to do this work were all out. An engine pulling a passenger train went dead at Bluffs Monday and an engine had to be sent from Springfield to take it to its destination.

Locally the situation does not show any signs of clarifying. This probably is true of the situation in other cities. From present indications matters are likely to get worse rather than better before the end is reached.

DRIVE BUGGY INTO OPEN DITCH

Four Men Escape Serious Accident Tuesday Night in Going to Fire.

Four men narrowly escaped serious injury Tuesday night while driving to South Clay avenue in search of the fire, when they drove their horse into an open ditch at the intersection of East Superior avenue and Park Place.

The men were driving east at a pretty good rate of speed and apparently did not notice the red lights that had been placed at the ditch, which is being dug preparatory to extending the sewer into Park Place. When the rig struck the embankment all four of the men were thrown out and the horse fell with its hind legs in the ditch. Fortunately no one was injured and the only damage that resulted consisted of a few minor breaks in the harness.

WILL VISIT IN CHICAGO AND WISCONSIN

Mrs. J. O. Kirkpatrick left Tuesday at midnight for Chicago where she will spend some time as a guest at the home of Rev. and Mrs. J. L. Anderson on Sheridan road. Mrs. Kirkpatrick will also visit her son, who is a student at Northwestern university medical school. Later she will go to Grand, Wis., for a visit with her brother, Samuel Beggs, formerly a resident of Ashland.

NOTICE
Any person found taking water from Fire Hydrants without permission from the water superintendent will be prosecuted to the full extent of the law.

SELS FARM IN SANGAMON COUNTY

Ernest Clark has just sold his farm of 100 acres located near Pawnee, Sangamon county, to Thomas R. Butler of Chatham. The deal was made thru J. R. Maxfield of Pawnee and the price, while not made public, is understood to have been high. Mr. Clark has but recently become part owner of the Woods farm, southeast of Jacksonville.

New fall coats, suits and dresses arriving daily. The Emporium.

OUR CITIZENS IN MICHIGAN

(Pentwater News.)
Thirty nine summer people in Pentwater, to date from Jacksonville, Ill., and with "Long Tom" Tomlinson as the acknowledged bell-wether, believe us, they are certainly out for a good time. Mr. Andre seems to be the one who is expected to maintain the dignity of the party.

Franklin picnic, chicken fry, Aug. 7.

JOURNAL SUBSCRIPTION RATE CHANGES

The Journal recently announced increases in subscription rates quoted below and effective August 1. In order to give all present subscribers the opportunity to secure the paper at the present rates, the management has determined to delay putting these rates into effect until August 11.

There is to be no special solicitation but Journal subscribers who are in arrears and who wish to pay up to date can do so and can pay in advance at the present rates if they so desire.

The present yearly rate for the Daily Journal by carrier in Jacksonville is \$6 per year; by mail \$5 per year. The rates which will become effective August 11 are by carrier in Jacksonville \$7.50 per year; by mail, \$6 per year.

JACKSONVILLE JOURNAL CO.

MOTION FOR NEW TRIAL OVERRULED

In the county court yesterday Judge Sammuell heard argument on the motion for a new trial entered in the condemnation suit brought by the city against John Hodges and James Rook. It was a somewhat formal proceeding and after the argument had been made by attorneys for the defendants the court overruled the motion and entered judgment on the verdict. Motion for appeal to the supreme court was then presented and allowed when satisfactory bond has been filed.

The attorneys have ten days within which they may perfect such an appeal if their clients determine upon this course. Otherwise the city will immediately pay to the defendants the amount fixed by the jury for the land and the damage done to the land not taken.

TELEPHONE LINEMAN IS NEAR TO DEATH

William Francis Comes in Contact With 2,300 Voltage Tuesday Afternoon—Was Working in Alley Back of Modern Garage.

William Francis, a lineman in the employ of the Illinois Telephone company near death Tuesday afternoon about 4 o'clock when he came in contact with a 2,300 volt wire while working in the alley back of the Modern Garage.

Francis was at the time on the pole by himself. In some manner his shoulder came in contact with the heavily charged wire. He was thrown violently away from the wire and fortunately fell on a cross arm. This prevented him from falling to the ground a distance of probably 30 feet.

Fellow workmen rescued Francis from his perilous position as soon as possible and he was taken to the office of Dr. A. M. King. Examination showed severe burns on the left arm from the shoulder to the elbow and on the right forearm. Francis also was suffering from shock.

Following attention by Dr. King he was removed to his home, 806 Hardin avenue. No serious results are anticipated but he probably will be kept from work for several days.

It was fortunate indeed that Francis did not get hold of the wire with his hands else he would have been instantly killed.

TWO WILLS FILED FOR PROBATE

In the office of County Clerk Riggs yesterday two wills were filed for probate.

The will of Mrs. Annie J. Vieira after providing for the payment of all just debts and funeral expenses, \$100 is bequeathed to the Young Ladies Board of Missions to Northminster church and \$100 to Northminster church.

The remainder of the estate is then divided equally between her sister, Mrs. Lizzie DePrates, of Springfield, her niece, Mrs. Lena Foster of Springfield and her nephew, Ernest N. Vieira of Jacksonville.

The will is dated January 16, 1918. Walter E. Spoons is named as executor and the witnesses are W. G. Goebel and John A. Ayers.

August H. Wahrenbrock in his will provides for the payment of all just debts and funeral expenses. The remainder of the estate both real and personal is then bequeathed to his wife, Carrie Wahrenbrock who is named as executor without bond. The will is dated January 10, 1918, and is witnessed by J. W. Hamilton, W. H. Luken and Terah Massey.

NOTICE TO FARMERS

ATTENDED MEETING IN SPRINGFIELD TUESDAY

Rev. F. B. Madden and Rev. E. L. Fletcher were in Springfield Tuesday where they attended a meeting of the Illinois conference claimants board. The sessions were held in the First Methodist church.

The meeting was attended by all the district superintendents. H. C. Gibbs of Decatur, field secretary, also was present and read his annual report. It showed that \$40,000 had been turned into the fund this past year.

Prepare for your chautauqua wants now — Outing Trousers, Silk Shirts and Hosiery. Bathing suits for men and women.

MYERS BROTHERS.

REV. JAMES SMITH AND FAMILY HERE

Rev. James Smith, wife and daughters Grace and Dorothy, all of St. Louis, arrived in the city yesterday for a visit with their cousin, Mrs. Hattie Landreth and family and Miss Susie Eames, Mr. Smith's son, James G., has just arrived from overseas and is now in New York. He was drum major in Gen. Pershing's band and held an important position and was much appreciated by his commander. Mr. Smith is a prominent figure in an organization for the welfare of the Indians and shortly will proceed to Oklahoma to attend a gathering in behalf of that cause. He is the successful pastor of a prominent Congregational church in St. Louis and also finds time to do a great deal of evangelistic work.

CITY OFFICERS REPORTS

The reports of city officers were presented and approved as follows at the Council session Monday:

Harry Summers, sexton at Diamond Grove cemetery, reported ten graves made and John Pires, sexton at Jacksonville cemetery, reported eight graves made.

R. L. Pyatt, city clerk, reported collections as follows: Thru Diamond Grove cemetery \$556.70, Jacksonville cemetery \$207.85; office, \$407.50.

Frank Kiloran, chief of police, reported number of arrests made during July, 18; fines collected \$112; city costs \$23.50; J. P. costs \$33. The arrests were as follows: Drunkenness 4; disorderly conduct 9; disturbing the peace 1; assault and battery 2; carrying concealed weapons 1; speeding 1.

J. A. Crum, justice of the peace, reported total collections of fines \$112; city costs \$23.50; J. P. costs \$33.

W. H. Cobb, water superintendent reported as follows: rents \$3,754.22; meters sold \$90.50; taps, \$12; meter repairs \$6.10; total \$3,862.82.

NOTICE

Any person found taking water from Fire Hydrants without permission from the water superintendent will be prosecuted to the full extent of the law.
